Yes

If yes, give a brief description and a list of modules currently operational (maximum 500 words)

The college has well operational with an information system which takes care of various activities. ERP is implemented for the modules such as

organizational setup, student information system, Program management, Course management, Timetable management, Integration with Tally, Faculty Portal and Faculty Record Management, Student portal and User role. The institutional official website provides detailed information to all the stake holders. LMS is introduced in our college for effective Teaching and Learning. LMS is used by the Teachers and Students. It is used for the modules like submission of Assignments, uploading of syllabus, uploading of materials, uploading of university questions and for sharing in formations and messages. Library is fully automated with the software namely "ROVAN LMS". Pay Bill, Scholarship, IT, Student admission are all computerized. We have internet connectivity in all the departments, library, laboratories and office. Student Satisfaction Survey was conducted through online mode.

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Aditanar College of Arts and Science is an aided college affiliated to Manonmaniam Sundaranar University, Tirunelveli, which has adopted the Choice Based Credit System (CBCS) in its curriculum. The purpose of establishing our College in the rural area is to educate the downtrodden, underprivileged and subjugated masses. As the curriculum is designed by the University academic bodies, we don't have a significant role in it except for the fact that some of our senior teachers have been serving as members of the Board of Studies of the University. It is our duty to implement the curriculum and syllabus designed by the University through staff council, Head of the Departments (HODs) meeting, advisor's meeting and periodical department meetings. In addition to this, the HODs and the senior teachers help the junior teachers by assisting them to deal with their new curriculum and syllabus. Further the teachers update their knowledge by attending orientation programmes and refresher courses at periodical intervals in order to implement the curriculum effectively. Moreover, our teachers are encouraged to participate in seminars, symposium, workshops and conferences that will help them to interact with the subject experts, researchers and eminent professors. In addition every department conducts seminars, conferences, guest lecture and workshops with the fund given by the management and the funding agencies like UGC, etc. This will enable the teachers and students to get their knowledge updated. The department wise meetings are conducted at the end of the every semester. In this, the plan for the ensuing semester is discussed and designed to implement the curriculum of the following semester. The departments has finalised the optional papers, non major elective papers. The allotment of subject for the teachers will be

finalised. The syllabus for the semester is covered in three phases. At the end of each phase, an internal assessment test will be conducted. Assignment and seminars are also given to the students to assess their in-depth knowledge. The work-allotment and the timetable are prepared by the HOD based on the common timetable given by the college. In all our departments, the allotment of the lab, field visit and internship are decided in the beginning of the semester itself. Every teacher develops a cordial relationship with other teachers and all our departments serve like a family. The best practice of our college is to have the advisory system in which the professor-in-charge will take care of the entire students of a class. The personal care, assistance, updating of knowledge, employment opportunities, exposing their inner talents, preparing for competitive examinations, sports activities, campus recruitment etc. will be taken care by the advisor. Advisor serves like a mentor. Every year our college conducts a one day orientation programme to students regarding the facilities available in the college, and other co-curricular activities such as NCC, NSS, YRC, sports, clubs, etc. for the first year students. The College Vision, Mission, Objectives are communicated through the following. • In College Web site • Display boards • In all the departments

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained

In order to ensure the constant growth of the institution and the progress of the students we have put an effective feedback mechanism in place that could be helpful to analyse and implement suggestions from the students, faculty, employer and alumni to make the academic, and the infrastructural improvements of our college. The feedback is collected from the students in a standardised format. The responses are compiled and analysed by the IQAC of our college for identifying issues in all levels, in order to improve the academic quality and the development of our college. Students feedback analysis Students' satisfactory surveys are conducted and collected through online Google forms. The students' responses on educational guidance, studying arrangements, teaching-learning process, the contents and the methods of teaching-learning process are concluded that the 60-70 responses to the questions are either positive or strongly agreeing. They have expressed satisfaction over the method of imparting education by all faculty members. 50-60 of students strongly believe that they could develop their leadership qualities and skills by becoming a member of academic and administrative body and they are able to assess themselves. 60-70 our students response reflects their confidence and their ample scope for research on the campus. 50-60 of students' positive responses show that they strongly believe on the kind bonding between teachers and students through advisory system. Besides the institutional values and the best practices can motivate and encourage them to be a successful person in life. Also 50-60 of students are satisfied with the infra-structure, the internet facilities and the canteen services too. An analysis of the feedback from Faculty 93 faculty of the college agreed that the magnanimous management gives freedom to them to work independently and creatively. Around 80-90 of the faculty felt happy on teaching methods, dedication towards the welfare of this student, Infrastructure, Sports facility. 90 of the faculty agreed with the balance teaching with research. Research culture has been fostered inside the campus and faculty members are encourages writing research projects to publish articles in UGC approved Journals. 82 of the faculty felt that it is difficult to train the first generation rural learners to develop their soft skills.

Analysis of Feedback - Alumni Alumni of the college play a predominant role in the growth and development of the college. Every year Alumni Annual Meet is arranged in the college during Independence Day and maintains the harmonious relation with our Alumni. Alumni of the college well pleased with the admission procedure fee structure, Infrastructure, alumni support activities, co-curricular activities and career guidance given to the students. Around 94 of the alumni feel that the caliber increases after passing out the college.

Analysis of Feedback - Parent Parent Teachers Association (PTA) plays a pivotal role in ensuring the functioning and quality maintenance of the college. PTA meetings are conducted by each department separately. In these meeting the academic performance of the students are discussed and analyzed around 50 to 80 of the parents are fully satisfied with the college.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

One of the unique features of our college is the advisory system. In many colleges, there are no teachers allotted to give individual attention to the students. Though the students are much grown up in college level, their minds are still immature and they need care and attention. Hence a teacher is needed as an advisor for the students. With this purpose in mind, the advisory system was introduced in our college and it is being followed successfully till date. A student who enrolls himself in the college will have the same teacher as his advisor for all the three years of his course. The teacher keeps in touch with the parents and are aware of the family background of the students. The advisor knows the social and economical situations of the students and guides them accordingly.

The duty of the advisor is not just to maintain the records of the students pertaining to their attendance and marks but most importantly to guide them in their studies and to promote good discipline as to how to behave in the class and within the campus as per the rules of the college. The students are counselled to listen in the class and prepare well in the examinations. If their results are poor, the advisor takes necessary action by conducting remedial classes. The parents are contacted and the results are informed. The parents are counselled to provide good atmosphere for the students at home. The general behaviour of the students at home and outside is known through their parents and their friends. Accordingly the advisors give counselling to the students to improve their studies and behaviour. Strict disciplinary action is taken on the students when they go wrong in their behaviour. The advisor observes carefully whether the students attend the classes regularly or not. The students are also

asked to give respect to all the teachers and behave well in the class. The advisor observes and makes sure that the students are free of bad habits such as drinking and addiction to drugs. Counselling related to adolescent problems in their personal life both inside and outside the college campus is offered to the students as the primary task by the advisor. The duty of the advisor does not end with the completion of the course. Even after the students complete their course, the advisors monitor the activities of the students especially in terms of their employability. The hands of the advisor are always ready to reach the students in their need. This wonderful beneficiary act is made possible to our students with the help of the advisory system in our college.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The Continuous Internal Assessment (CIA) system implemented by the university is followed in our college. The CIA is done in Regular Intervals (UG/PG). The CIA comprises of three one hour tests for the weightage of 20 marks for each theory paper and five marks for assignment. The practical examinations for both UG and PG will be conducted on Continuous Assessment and 25 marks will be equally distributed to all practicals (i.e. number of practicals prescribed as

per syllabus) and two tests for 25 marks will be conducted. Average of the two tests will be taken. A single practical will be given for 50 marks at the end semester and the same will be selected by students on lot basis in the second phase for final assessment. The question pattern (for CIA) is adopted from university external examinations. The Split of Question paper is as follows: The examination committee is constituted with teaching and nonteaching members for smooth conducting of the internal test. The internal test schedule is prepared after conducting HODs' meeting. Section Types of Questions Max. Marks
 Part - A Objective Type - 4 Questions 4 x 1 4 marks Part - B Small Descriptive/Problems - 2 Questions (Either or Choice) 2 x 4 8 marks Part - C Long Descriptive / Problems - 1 Question (Either or Choice) 1 x 8 8 marks Total marks 20 Marks

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The college, a affiliated college of the Manonmaniam Sundaranar University, Tirunelveli, is obliged to follow all directives of the university regarding continuous internal system. Every semester, three cycle tests are conducted to evaluate the performance of students. Principal gets approval from staff council for conducting the internal exam. Approval from staff council includes exam schedule, dates for conducting internal exam, question paper submission dates from individual departments and submitting the final internal marks to the college exam coordinator. All departments follow the same pattern question setting [Part - A (4X14 Marks), Part - B (4X28 Marks) and Part - C (8X18 Marks)]. The coordinator for internal tests in each department collects the question paper form individual course teacher and submits to the coordinator for internal tests. Before two days of the commencement of internal tests, the printed copies of question papers are handed over to the internal test coordinator of each department. The schedule for internal tests / assignments is notified to the students in well in advance. The schedules announced are strictly adhered. The principal and internal test coordinator monitored the effective implementation of the exam as per schedule. The examination will be conducted simultaneously thorough out the college.

Infrastructure The infrastructure development program of the college is designed, developed and revised keeping in pace with statutory requirements, technological developments, infrastructure need analysis and the guidance of the management. The college has an Exclusive Engineer cum Supervisor and menial staff under him for maintenance of laboratories, landscapes and parking. Non-regular works such as painting, carpentry comes under his limit. Classroom furniture is checked and repaired regularly. CCTV camera, LED displays are also installed. Besides security guards are on vigilance on a 360 degree basis. Sophisticated technology prone instruments and equipment are regularly kept under Annual Maintenance Contracts. A co-operative store is being functioning in the campus to provide students with basic amenity services and stationary. The entire cleaning of the campus is outsourced and is carried on each day. Eco-clubs are initiated to carry on tree plantations and crating awareness on banning plastic. A drainage system is in place to reduce water logging.

Technology up gradation The college has got 7 well equipped ICT halls accessible to both teachers and students. Sivanthi Community Radio facilitates in broadcasting novel programs and is also used in developing e-contents for classroom teaching. Teachers and students have also registered themselves under the MOOC and Swayam educational portal. 45 KVA generator provides power to the entire college campus. During and after pandemic, intensives trainings are being given to students on attending online classes and taking online examination. Online examinations and online evaluations are presently in vogue.

Library The college librarian and his assistant pay close attention to physical infrastructure, ICT of the library. The software ROVAN is adapted as backend data base tool. It is used for the maintenance of library with data entry (books, journals and membership), transaction (issue, return, renewal and fine collection). The library uses the software to upload and upgrade the various resources (books, journals and database). The library has also subscribed to the UGC n-list program database package directly which provides access to thousands of full text peer reviewed journals and books. The library has three PC systems for the uses to browse. It also maintains a good collection of CDs. Entire libraries routine is automated. Annual pest control measures are taken and books are preserved accordingly. Separate fire extinguishers are available for library.

Sports Facilities The auditorium and play grounds that are existing always maintained to be ready for the smooth conduct of the events. We have planned to construct a furnished auditorium with the seating capacity of 1500 students.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The governance of the institution is in tune and reflective with the vision and mission of the institution. The institution pursues to function with social commitment, efficiency and conscience to train and encourage the students to be resourceful through teaching, research and various extension activities. The Institute practices decentralization and participative management in frequent consultation with the College Governing Body. The Governing Body delegates authority to the Secretary and Principal who, in turn share it with the different levels of functionaries in the college. The Staff council comprising of the Heads of Departments, the Conveners of various committees and cells along with the staff representatives on higher decision-making bodies play an essential role in shaping the institutional policies and implementing the same. All the staff members in the department are involved in various department activities to join hands with the Head of the Department to equip and mould the young minds into efficient professionals, who are being trained to meet challenges and opportunities with confidence and dignity. Along with teaching, the teachers are given responsibility to be a part of club activities such as NCC and Army Wing, NSS, Sports and Games Club, Nature Club, Red Ribbon Club, Youth Red Cross, Road Safety Club, Fine Arts Association, Entrepreneur Cell etc. The institute has constituted different Committees for the smooth functioning of academic and administrative work of the institute. Some of these committees are the Academic Staff Council, the Examination Committee, the Admission Committee, the Library Committee. Under the Supervision of the Principal, the office administrative responsibility is distributed and monitored by the office superintendent non-teaching staff are represented in the staff council and the IQAC. Suggestions of non-teaching staff are considered while framing policies, preparing budgets or while taking important decisions. Further, teacher's union (MUTA) plays a significant role in assessing the performance of the non-teaching staff. The president and the secretary of the teachers' organization periodically meet the Principal and express their grievance and provide a list of pending issues in the office which helps the principal to assess the performance of the non-teaching staff. The Principal periodically convenes meeting of the non-teaching staff and based on the inputs the receives from the students (Everyday students are allowed to meet the Principal from 12.45 to 1.00 p.m. and 4.00 to 4.15 p.m.) and the teaching staff the gets an assessment of all the teaching and non-teaching

staff. Thus, the institution and departments follow a process of participative management to bring up a positive vibe in students and in the society.

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Admission of Students	Admission process for all the courses is fully online. Admissions are made on merit basis and the management adheres to the Government rules in the process of admissions. Management Quota is also filled on merit basis. Rank list and the date of interview are uploaded on the website and also sent to the shortlisted student through SMS /Email. The selected list of the students is posted in the college website.
Industry Interaction / Collaboration	The College conducts various workshops, conferences and seminars wherein the resource persons are invited from various leading corporate, firms, etc. The departments are also encouraged to invite Resource persons from industries to share their expertise with the students. Projects and internships at the under graduate and post graduate level are made as a part of curriculum to gain hands-on experience. Placement cell organizes training programme for employability related skill development of the students from all departments.
Human Resource Management	Faculty development programmes, Seminars, National Conferences, workshops are organized by all the departments. Faculty members are also encouraged to attend Professional Development programmes, workshops and conferences organized by other institutions. Eminent resource persons from various fields are also invited to enrich the faculties' knowledge and to enhance their professional development.
Library, ICT and Physical Infrastructure / Instrumentation	The college has an extensive collection of books from all areas. The attendance of the staff and students entering the library is monitored using a log book. The department are provided with a desktops and LCD projector apart from smart class rooms. College has indoor and outdoor game facilities extended to students and staff. Water

dispensers are provided for the all Departments. The overall functioning of the college and also all the documents is being digitalized and are scanned and are reposted which enables the outsiders to view the same from the college website and facilitating the students to view their attendance, marks, other academic and extension activities from their respective login.

Research and Development

The institution motivates not only the faculty members but also the students to publish papers in UGC / Scopus / peer reviewed journals with high impact factor and present their papers in National, International conferences. The departments are encouraged to conduct National / International Conferences and Seminars so that the student's community and teaching fraternity gets benefited. The faculty members are motivated to supervise M.Phil. Ph.D. Research Scholars and to do collaborative research to promote quality in research work.

Examination and Evaluation

Since the College is a Constituent of the University, examination and evaluation are held as pertaining to the rules regulations of the University and the College strictly adheres to them. The College ensures academic standards and transparency by informing the stakeholders about the norms and directives received from the University. Students learning is assessed through continuous internal assessment tests and semester examination are conducted to evaluate the overall learning of the student. Apart from tests, the students are appraised based on the class activities like student seminar, group discussions, role-play, quiz, debates and assignments.

Teaching and Learning

Audio Visual approach is followed as an effective teaching methodology. Along with chalk and board method, ICT method of teaching is also used to make the student involve in learning. Teachers are given training by the authorized technicians to handle online classes. Field tours and Industrial visits are being organized by most of the departments to impart real time experience to the students. The learning skills of the student are enhanced by providing opportunities to

participate in seminars, conferences, workshops and various competitions. Students are also trained in conducting various programmes. Special emphasis is laid on slow learners and one to one interaction is conducted regularly to improve their learning process. To enhance the quality of the learning process power point presentation and LMS are used effectively in the classroom. Workshop on "Google Apps" and 'LMS' are conducted for students and teachers to promote the use of technology in the classroom. To promote self-learning, independent learning or distance learning students are asked to present papers in class room seminars, and are involved in group discussion and debates. Post graduate students are given opportunities to teach undergraduate students so that PG students develop their communication skills and also build their confidence. Students and teachers are encouraged to develop their various skill and to update their knowledge through various courses including online courses like SWAYAM and NPTEL

Curriculum Development

Curriculum is revised once in every three years for core papers to meet the requirement of industry standards. Autonomy is given to the teachers to suggest on revision of the syllabus. The amendments in necessary subjects are made to ensure that the students study the updated modules. Suggestions for modifications are made in subjects as per the need of the hour and recommended by the Board of studies. To facilitate exposure in other subjects, students are offered two different fields of study, the students are given an option to choose inter disciplinary subject termed as Non-major classes apart from their major discipline to develop knowledge in a different branch of his choice. Suggestions and feedback collected from various stake-holders on curricular aspects are considered while framing the syllabus to enhance the quality of education.

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Planning and Development	Enterprise Resource Planning (ERP), Management Integrated System (MIS) and Learning Management system (LMS)

enables the process of dissemination of information in a transparent manner. This helps in planning the events as per the standard operating procedures of the institution which minimises the human intervention. LMS being in use, reports can easily be retrieved as and when required. Social Media Updates are made by Social Media Champion on a regular basis in YouTube, College website and Facebook.

Administration

AISHE Data is being updated on MHRD Portal. ERP attendance for students has been substituted for manual attendance. Official circulars are shared with the Heads of the department in the online college group. CCTVs (surveillance cameras) have been installed at strategic places on campus and are constantly monitored by the Principal and the office team. The institution is also moving towards a paperless environment. The students are able to view their attendance and marks through their student login. In addition to this the students can submit their feedback in google forms created by the institution. Both the students and faculty members make extensive use of social media like WhatsApp, Facebook, Twitter, Instagram and e-mails for social communication. Faculty members also make use of Google forms to conduct exams and quizzes and test the students' understanding of the subjects.

Finance and Accounts

The college uses ICT for transparency in finance and accounts. The transactions are properly recorded at each end. The administrative office ensures appropriate bills are submitted for all events conducted by the various departments. All the account books are properly maintained as per the auditing procedure. Both Internal audit and external audit are conducted at proper intervals.

Student Admission and Support

The admission process in the college is digitized. The college's process of online admission is also very transparent. The application form, the process of applying and the eligibility criteria for the courses are displayed on the college website. Help desks are in place to assist the students in filling online applications. The students submit their application forms

online. They are then selected based purely on merit and as per the reservation policy framed by the Government. The lists of selected students are displayed on the college website. In addition, the students are also informed through messages, emails, and personal phone calls. They pay their fees through net banking. Once admitted, the students are provided with a college login ID which helps them view their attendance and marks when required. The parents are kept updated about both the day to day attendance and absentees among the students.

Examination

The college is fully equipped with ICT tools which play a vital role in the conduct of the examination. The office of the Co-ordinator of Examination is very secure and acts as a pillar of support for the conduct of examinations. The external examiners send the question papers in a confidential manner. These papers are then strictly scrutinized by both the respective heads of the department and the external experts. The exam dates are generated digitally and are available to the students before the examination. The exams are conducted with strict invigilation and monitored through CCTVs by both the Principal and the Exam Co-ordinator. The Valuation is done by external experts. The marks are directly uploaded online by the office of the Examinations Coordinator. The results are then communicated to the students online.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

The entire campus is rich in green trees to soothe the climate even during the hot summer. The normal temperature of Tiruchendur is 26 to 41 degrees. The green initiatives ensure less temperature inside the campus. The temperature inside the campus is lesser than the temperature outside the campus. Tall trees are planted around the campus to help in the reduction of noise pollution. These tall trees serve as noise absorbents. The green initiatives facilitate

conducive environment for learning. Pungai trees also known as Indian Beech trees are planted in the campus to increase the level of oxygen availability in the campus. Green Pastures and ornamental plants are planted at various places inside campus. Herbal plants are also planted and signboards are displayed highlighting the Taxonomical names and its use to encourage the students to practice the ancient medicinal skills followed by our country. The green plantation serves as stress reliever and it also promotes the aesthetic sense. Commemoration of the World Environment Day is an important event followed by the institution. Saplings are issued to the students and public as a means of green initiative. Saplings are planted throughout the year during important days.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

The Institution has adopted a hierarchical approach in which, the advisory system plays a vital role. The following are brief highlights of the mentoring programme that is in practice: 1. Each faculty member is assigned with the task of mentoring around 20-30 of his/her own students. 2. A special time-slot with a designated classroom is allocated to each mentor for a formal monthly interaction with his/her mentees to address the grievances of the students. 3. During the formal interactions, advisors/mentors discuss issues like campus discipline, dress code, punctuality, attendance, examination preparation, non-tolerance of ragging, the undesirability of adopting unfair means at examinations etc. Issues like sexual harassment at workplace, role and availability of counselors in the campus, suicidal tendencies, cybercrime, confidence-building activities etc are also discussed. The students are counseled about road safety, healthy lifestyles, cleanliness, Swacch Bharat Campaign, conservation of water and energy resources, choice of careers, etc. They are also informed about the various facilities and scholarships available. 4. Advisors maintain a confidential data sheet containing the details of their students which helps in the continuous mentoring activities. 5. At the end of each academic year, students are required to provide their feedback on the various topics discussed during the formal interactions. Their suggestions are used to improve and render additional services. Evidence of success 1. Campus discipline has improved tremendously. Incidences of ragging and sexual harassment has been eliminated from the campus. 2. Students' dressing sense has changed. 3. Student behaviour, self-esteem and confidence have progressed. 4. There has been marked improvement in academic grades and a higher number of students have enrolled themselves for higher studies. 5. Health consciousness of students has improved considerably. The eating habits have changed and they have started following healthy food habits. 6. They have almost adopted to reduced use of plastic products while dining. 7. Stronger relationships have been forged among students/peers, faculty and parents. 8. The percentage of attendance for the formal monthly sessions and the students' positive feedback/suggestions regarding the programme are themselves, the most potent indicators of its progress. 9. Students are mostly turning off lights and fans and closing taps when not in use. 2. Value Education Programme Objectives: The Institution has introduced add-on programmes to enhance the quality of human king through the students. It regularly conducts value-based educational sessions. The Institution regards such sessions to be an indispensable component of its curriculum. The inculcation of human, social and moral values is given utmost importance. The character building of the students is the top priority of the institution. The institution aims at developing well-balanced, socially-responsible and well-rounded individuals make the society more democratic and cohesive. The empowerment of students to motivate them towards achievement of personal fulfilment and success in life and at work is a compulsory task followed by the institution. The promotion of respect for the

dignity of the individuals irrespective of their caste, creed and gender is emphasized throughout the campus. The inculcation of values like love, empathy, caring, sharing and compassion leading to harmonious and the humane relationships are spread among the students. Evidence of success 1. Parents and students have always appreciated the efforts of the Institution in conducting the Value Education sessions. The high levels of attendance for the sessions are evidences of the importance attached by the student community towards this endeavour. 2. Positive changes in the discipline, behaviour and attitudes of students have been continually observed. Such changes are especially visible during the cultural, and other, programmes organized by the Institution. 3. The Alumni, during their interactions emphasize the important role played by the Value Education sessions in developing self-confidence and a holistic vision towards life and profession. They attribute their success in life and at the workplace, in a large part, to the inputs gathered through this programme.
